English and Maths

English and Maths qualifications are a requirement for most jobs and it is important that you are able to demonstrate your ability in these areas. If you do not already have a grade C or above in GCSE English and Maths you will automatically undertake further study in these subjects as part of your apprenticeship.

How will I be assessed?

You will attend classes and workshops to support the development of knowledge, skills and behaviours on a 4 – 8 week basis. You will complete learning and development throughout the duration and will build a portfolio of evidence that showcases your competence in all the areas mentioned above.

You will also be responsible for the management of a 6-month project, which will be agreed with your employer and completed before the end of your apprenticeship. Your development and gathering of evidence to showcase this will be supported by your employer and your trainer to support your readiness for End Point assessment. The End Point Assessment will be carried out externally by the chosen End Point Assessment organisation, this will include:

- Project proposal submitted and then a 15-minute presentation about the 6-month project managed by you during the apprenticeship, presented to the End Point Assessor. This is then followed by 15-minutes of questions and answers from the independent assessor about the project.

- You will take part in a professional discussion with the End Point Assessor around all areas of the standards listed above. This discussion will be underpinned by your showcase portfolio.

What Equipment Will I Need?

You will be required to provide paper, writing materials, and a memory stick.

Where will I study?

You will study within the workplace and attend classes and workshops either via the online option or in College.

What can I do next?

Upon completion you could progress onto the Level 6 Degree Apprenticeship. You can also register as full members with the Chartered Management Institute (CMI) and/or the Institute of Leadership and Management, and those with 3 years' of management experience can apply for Chartered Manager status through CMI.

How much does the course cost?

There is no cost to being an apprentice. All costs associated with your apprenticeship, including the cost of training and your salary, will be paid by your employer.
