Foundation Degree in Assistant Practitioner Health and Social Care.

Personal qualities

- You must be able to demonstrate your potential to be caring and compassionate and the ability to develop meaningful relationships with service users and carers.

You will also need

- [Disclosure and Barring Service \(DBS\)](#) clearance to enable you to undertake placements in settings with children and vulnerable adults.
- Occupational health screening (to determine your suitability to undertake the course). DBS and occupational health screening will be requested at your expense.

This flexible foundation degree is a work based learning award which combines health and social care education with either existing employment or work placements to develop your skills and competencies for a wide range of roles across health, social or community care sectors.

The course, which is an award of Sheffield Hallam University, has two routes. For those already employed in assistant or support worker roles in health, social or community care the course allows you to complete both the Higher Apprenticeship in Health (Assistant Practitioner) and the Foundation Degree. The course provides you with your continuing personal and professional development and depending on your employer, would allow you to undertake a Band 4 Associate /Assistant role.

For those of you who are not in employment the course will provide you with a placement in a suitable health, social or community care role, which will allow you to develop the necessary skills and competencies alongside your academic studies to complete the Foundation Degree.
