Computing: Networking and Cybersecurity Level 3 Certificate Part-time

In Brief

Start Date / Duration

This course will start on Thursday 6 February and will run for 15 weeks, every Thursday between 9.00am and 4.15pm.

Entry Requirements

There is no requirement for you to have undertaken a specific qualification, but you should be able to demonstrate the skills and ability to study at Level 3. English and Maths at Level 2 will provide a good foundation for success.

You will achieve

Level 3 Certificate in Networking and Cybersecurity.

Course Overview

This qualification has been developed in partnership with industry professionals and is ideal for those wanting to develop and extend their digital and IT skills to prepare for different roles in the digital and creative industries within networking and cyber security.

The qualification will:

- Prepare you to progress to a qualification in the same sector or a related area at a higher level.
- Prepare you for employment within different roles in the digital and creative industries and in other industries that require specific digital and IT skills within Software Development.

This qualification can be studied as an additional course alongside a relevant apprenticeship and is designed for job roles in industries where specific digital and IT skills are required, such as finance, marketing, machining and manufacturing and other information gathering industries.

Course Content

You must complete the mandatory Project Management unit and four of the specialist units listed below:
