## Bricklaying Level 3 On-site Construction T Level Full-time

### In Brief

#### Start Date / Duration

This course will start in September 2025 and will run for two years.

#### Entry Requirements

You will need to hold four GCSEs at grade 4 or above including English and Maths.

OR hold a Level 2 Bricklaying T Level Foundation qualification and English and Maths GCSE at grade 4 or above.

If you do not currently meet these entry requirements, you may be able to study the [Bricklaying Level 2 T Level Foundation course](#).

#### You will achieve

You will achieve a Level 3 On-site Construction Bricklaying T Level.

### Course Overview

In this T Level course, you will learn essential skills for the construction industry including bricklaying, plastering, joinery, and basic plumbing. You will cover health and safety, construction science, building technology, and sustainability. The program includes a minimum 45-day industry placement to gain real workplace experience. You will also need to achieve at least a grade 4 in GCSE English and Maths, and the course will prepare you for highly skilled employment or further study.

### Course Content

T Level courses have been developed in collaboration with employers and businesses, so the content meets the needs of industry and prepares you for work.

They provide the knowledge and experience needed to open the door to highly skilled employment, an apprenticeship or higher-level study including university.

T Levels are courses for 16 to 18-year-olds that are studied at the same level as A Levels. They are for young people who prefer a more technical education when they come to College, rather than following a purely academic pathway, or a work-based apprenticeship.

T Levels combine classroom theory, practical learning and a minimum of 45-days industry placement with an employer to make sure you have real experience of the workplace.

You will also need to achieve a minimum standard of English and Maths at GCSE grade 4 or above. The Technical Qualification (TQ) is the main classroom-based element of the T Level, and it will see you learning from a qualification that has been shaped by industry experts.

During the two-year programme, you will learn the core knowledge that underpins each industry, and you will also develop occupationally specific skills that will allow you to enter skilled employment within a specific occupation.

### **The core components are:**

- Health and safety in Construction
- Construction science principles
- Construction design principles
- Construction and the built environment industry
- Construction sustainability principles
- Construction measurement principles
- Building technology principles
- Construction information and data principles
- Relationship management in construction
- Digital technology in construction
- Construction commercial/business principles

### **The bricklaying core components are:**

- Fundamental Health and safety regulations, control of noise, and working at height, while working safely across different construction projects.
- Bricklaying tools and equipment, building regulations and methods of work.
- Setting out masonry structures and calculating for building resources.
- Establishing sub and superstructure elements of a building.
- Finishing and establishing working areas.
- Calculating both labour and material costs.

## **How will I be assessed?**

There will be assessment windows throughout your study programme where your knowledge, understanding and practical skills will be assessed under exam conditions. You will achieve either a Pass, Merit or Distinction grade. In addition, you must complete an industry placement, lasting a minimum of 315 hours.

## **What Equipment Will I Need?**

Writing and measuring equipment will need to be purchased prior to starting the course. All Personal Protective Equipment (PPE) will be provided.

## Where will I study?

Construction Centre  
Honeywell Lane  
Barnsley  
S75 1BP

## What can I do next?

After gaining this T Level qualification, you could move on to skilled employment, a Higher Apprenticeship or Higher Education.

### Want to join Barnsley Sports Academy and Honeywell Sports Village?

Barnsley College has a range of sports opportunities for all students to take part in, gain professional training and compete nationally and internationally. We also have a state-of-the-art fitness village, Honeywell Sports Village [\[https://www.barnsley.ac.uk/shops-services/honeywell-sports-village/\]](https://www.barnsley.ac.uk/shops-services/honeywell-sports-village/) where students can make use of our fitness suite, spinning studio and classes for competitive rates. You don't have to be studying sport to get involved in the Sports Academy [\[https://www.barnsley.ac.uk/barnsley-sports-academy/\]](https://www.barnsley.ac.uk/barnsley-sports-academy/).

## Additional Learning Support

Our Additional Learning Support team can provide you with the support you need. Call 01226 216 769 for further information.

## English and Maths

Having good English and Maths qualifications are important for most careers and we want to give you the help you need to succeed.

If you are aged 16 – 19 and don't hold a grade C/4 or above in GCSE English and Maths, you will automatically be included in your study programme. If you want to work towards achieving a higher grade in English and Maths, we can help you do that too and we offer Level 3 Mathematical Studies (Core Maths) which can be added to your study programme.

If you're aged 19 or above and don't hold a a grade C/4 or above in GCSE English and Maths we can help. We offer FREE English and Maths qualifications that can be studied on a part-time basis, subject to eligibility.

If you need any further information, please contact our Information Team by calling 01226 216 123 or emailing [info@barnsley.ac.uk](mailto:info@barnsley.ac.uk) [mailto:info@barnsley.ac.uk]
