In Brief

Start Date / Duration

This study programme starts in September and lasts for one year.

Entry Requirements

Four GCSEs at grade 4 or above including English and Maths

Due to the technical content of the course, the above are recommended entry requirements.

You will achieve

Level 2 Diploma in Vehicle Fitting.

Course Overview

Do you want to maintain and repair different types of vehicles including cars, vans, or trucks? This course is perfect for anyone interested in starting or developing a career in the motor industry. You'll study in our Automotive Technologies Centre, working on a range of vehicles.

You will tackle real, practical situations and develop the skills needed to perform fitting operations on modern motor cars safely and efficiently. Key elements include removing and refitting braking, suspension, steering, and exhaust components, as well as understanding their operation.

You'll also learn to work safely and effectively with others, maintaining good housekeeping in a motor vehicle environment, and adhering to safe working practices.

Course Content

How will I be assessed?
