

Media

Creative Media Production Level 2 Award (Creative and Digital) Full-time

In Brief

Start Date / Duration

This course starts in September 2024 and will be completed in one year.

Entry Requirements

- Four GCSEs at grade 3 or above including GCSE English and Maths
- A good example of coursework or practical experience in media/multimedia
- A successful interview

If you don't currently meet these entry requirements, you maybe able to study a [Level 1 Foundation Learning course](#).

You will achieve

UAL Level 2 Award/Diploma in Digital Media Production and Technology

Course Overview

The Creative Industries sector is an exciting place to be. New emerging technology helps the industry to produce media on a worldwide platform from the Harry Potter films to Grand Theft Auto games. Media is one of the most exciting and fastest growing sectors in the UK.

This course is for you if you like films, television, radio, photography, digital design, or journalism, and like to make creative content. You'll develop new skills planning radio shows and film productions and then get hands on using high spec equipment to film and edit products.

You'll learn about creative and digital marketing including branding, advertising and social media and learn the importance of narrative and storytelling. You'll develop your digital design and production skills, using industry standard software packages including the Adobe Creative Suite.

Course Content

This study programme encourages you to explore and enhance your creative media skills and knowledge. You will gain an understanding of how the industry operates and influences society, alongside gaining practical skills in camerawork, editing and design.

You'll learn how to plan a film production and then get hands on using high spec equipment to film and edit. You will gain an understanding of the theories; including audience and the use of narrative and storytelling to create quality products.

You will be required to work collaboratively in production teams, to create radio productions, digital short films, photography and print media. You will develop digital design and production skills using industry standard software packages including the full Adobe Creative Suite.

Course themes:

- Broadcast Journalism
- Film and TV theory and production
- Photography
- Digital design and marketing

How will I be assessed?

Practical project work, a course portfolio, and a blog.

What Equipment Will I Need?

No equipment is needed although learners are encouraged to utilise laptops and tablets in an interactive learning environment.

Where will I study?

Old Mill Lane campus
Church Street
Barnsley
S70 2AX

What can I do next?

This course can form the foundations for future study and work in this industry. After successful completion of this course, you could progress onto a Level 3 Diploma programme in the Creative Industries.
