Entry Requirements

- Five GCSEs at grade 4 or above including GCSE English and Maths
- You will be required to have a competent standard of musicianship

You will achieve

UAL Level 3
Diploma/Extended Diploma in Music Production

Course Overview

Develop essential skills for the music, sound, and broadcasting industry with our comprehensive Music Production course. Study music production, audio engineering, sequencing, live sound, and acoustics. Gain hands-on experience in state-of-the-art recording studios, working on real projects and using industry-standard tools. Ideal preparation for university-level study and a career in music technology.

Course Content

On this course you will learn how to create a music product, develop your listening skills and be introduced to acoustics. You will look at modern and pop music in practice as well as music technology in performance. You will spend a large amount of time in the recording studios helping to develop your engineering and production skills. There will be opportunities for you work on real live projects including location and studio based client work. You will work in groups and individually, developing music productions and events. You will also use industry-standard tools and software in state-of-the-art music recording, editing and performance studios. Units will include areas such as:

- Studio recording
- Music production techniques
- Music sequencing

- Events and promotion
- Composing music
- Music theory and harmony
- Live performance

How will I be assessed?

You will be assessed on your practical work and coursework.

What Equipment Will I Need?

Your own instrument is essential and the ability to play it to a good level.

Where will I study?

Old Mill Lane campus
Church Street
Barnsley
S70 2AX

What can I do next?

- **Employment:** this course can form the foundations for future study and work in this industry. Former students have gained employment as Studio Recording Engineers, Live Sound Engineers and Television Composers while others have performed at Glastonbury, Download and Leeds Festivals.
- **Education:** you could progress to university to further develop your skills and knowledge of this area.
