

Construction

Construction Management Level 4 Higher National Certificate (HNC) Part-time - (HTQ)

In Brief

Start Date / Duration

The course starts in September and will take two years to complete.

Entry Requirements

You will need:

- A BTEC Level 3 qualification in Construction
- GCSE English and Maths at grade 4/C or above
- Other related Level 3 qualifications including an Access to Higher Education Diploma
- Relevant work experience

You will achieve

You will gain a Level 4 Higher National Certificate in Construction Management for England (HTQ).

Course Overview

This HTQ [<https://www.barnsley.ac.uk/courses/higher-technical-qualifications-htqs/>] programme will teach you essential construction skills and knowledge. Your studies will include sustainability, environmental impacts, construction technology, financial management, legal requirements, and building information modelling. You will also develop important transferable skills like communication, teamwork, research, and analysis. This course will prepare you for further education or employment in the construction industry.

Course Content

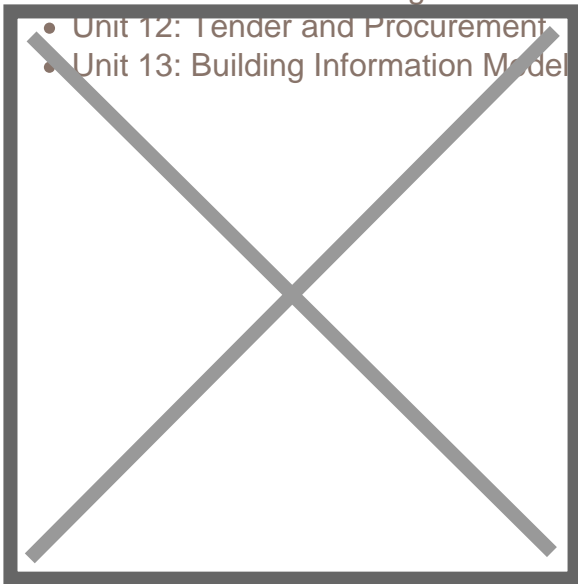

You will gain a wide range of construction knowledge linked to practical skills gained through research, independent study, directed study and workplace scenarios.

You are involved in vocational activities that will help you to develop behaviours (the attitudes and approaches required for competence) and transferable skills such as communication, teamwork, research and analysis, which are highly valued in Higher Education and in the workplace.

By the end of Level 4, you will have sound knowledge of the basic concepts of construction; be competent in a range of subject-specific skills; as well as holding the general skills and qualities relevant to key areas of construction.

Units of study:

- Unit 1: Construction Design Project (Pearson-set)
- Unit 4: The Construction Environment
- Unit 2: Construction Technology
- Unit 5: Legal and Statutory Requirements in Construction
- Unit 26: Digital Applications for Building Information Modelling
- Unit 11: Financial Management and Business Practices in Construction
- Unit 12: Tender and Procurement
- Unit 13: Building Information Modelling

[qualifications-htqs/](https://www.barnsley.ac.uk/courses/higher-technical-qualifications-htqs/)]

How will I be assessed?

You will be assessed by synoptic exams and completion of assignments that will assess knowledge and understanding from across the qualification.

What Equipment Will I Need?

You would need to provide your own writing materials.

Where will I study?

Construction Centre
Honeywell Lane
Barnsley
S75 1BP

What can I do next?

You can progress on to the Modern Methods of Construction Higher National Diploma (HND) – (HTQ) [<https://www.barnsley.ac.uk/course/modern-methods-of-construction-higher-national-diploma-hnd-htq/>] qualification.

How much does the course cost?

Course fees: £3,450* per year for those that enrol in September 2025 (*subject to approval from the Office for Students).
